Message From The Chair's Office

Dear Members of the Department of Medicine Family,

The Fifteenth Annual Daniel V. Kimberg Memorial Junior Faculty Teaching Award and Lecture are scheduled for Grand Rounds on Wednesday, December 7th, at noon, and we are now soliciting nominations. In keeping with Dr. Kimberg's deep commitment to teaching, this award recognizes a young faculty member who has completed house staff and fellowship training, but is no more "senior" than Assistant Professor, for distinction in teaching. The recipient will be asked to lead a discussion following a case presentation of his or her choice. Since 2003, the recipients of the Kimberg Award have been Drs. Peter Gordon, Nancy Chang, Daichi Shimbo, Jai Radhakrishnan, Steve Mackey, Daniel Brodie, Joseph Chang, Ajay Kirtane, Magdalena Sobieszczyk, Margrit Wiesendanger, Andrew Bomback, Maria de Miguel, Natalie Yip, and Subani Chandra.

A supporting statement of 100 to 250 words should be included with each nomination and can be submitted by e-mail to jnl1@columbia.edu. The deadline for nominations is Friday, September 30th, to allow adequate time for the speaker to prepare his or her presentation. Please give thought to nominating a person you think would be especially deserving of this award, and be sure to mark your calendar for Wednesday, December 7th, at noon in the Myrna Daniels Auditorium.

With many thanks,

Sincerely,
John Loeb
